### ABOUT ME

I am a highly motivated software developer specializing in front-end web development. With a background in various technologies, I have decided to focus my career on enhancing user experiences through front-end solutions. I bring valuable commercial experience from my time at Wanna Play. Having graduated from university in May 2024, I am now eager to leverage my expertise in a full-time role.

### STACK

MAIN		OTHER
• JavaScript	• CSS	• C#
• TypeScript	• MongoDB	• ASP.Net
• Node.js	• Express	• C++
